

SUPER SERVICE PROFESSIONAL DIRECTORY

Our clients are consistently asking for referrals for trades and services. When we take on new clients in our real estate practice, we promise them a high level of service. Please give us any feedback, positive or negative, when you use any of these services and make sure to tell them The KB Team sent you! We are always interested in hearing any success stories and experiences you've had with service providers and trades people. Let us know if you think someone you've worked with in the past would be a good addition to our directory.
